

ADDENDUM NO. ONE
REQUEST FOR QUOTATION
GOLF POINT OF SALE SOFTWARE
PROJECT NO. 394-22
CITY OF THORNTON, CO

TO: Prospective Proposing Firms and all others concerned

DATE: January 17, 2023

PURPOSE: To provide additional information and clarification to the solicitation documents for the above-referenced Project.

1. The following questions and answers are provided for additional clarification to the RFQ.

Question # 1: Can companies based outside of the United States submit a proposal?

Answer # 1: Yes, companies that are headquartered outside of the United States may propose.

However, it is a strict requirement that all of Thornton's data shall be housed within the continental United States at either a Vendor's secure data center or at a 3rd party secured facility that the Vendor is renting rack space at.

If the Vendor's operations are based outside of the United States, then the proposing Vendor is required to state in their answers to the proposal questions from Appendix No. 2, how they will meet or exceed the requirements that have been stated in this solicitation.

Question # 2: If we're based outside of the US, will we need to participate in any in-person meetings?

Answer # 2: Not at this time.

Question # 3: Can we perform our tasks as they relate to the bid from outside the US?

Answer # 3: See the answer provided above in answer # 1.

Question # 4: Can we submit our proposals via email?

Answer # 4: No. Thornton utilizes BidNet® Direct as an electronic submittal repository. BidNet® has multiple options for Vendors to sign up and submit their proposals, including an option that is no-cost/free.

Vendors who email their submissions directly to Thornton will be considered as non-responsive and their submissions will not be considered for evaluation.

2. All other terms and conditions shall remain unchanged except as provided by this Addendum. Proposing firms must acknowledge receipt of this Addendum in their Bid.

END OF ADDENDUM NO. ONE
